# YASH GOYAL

Noida | India | 8757411836 | ygyashgoyal@gmail.com | yashgoyal.tech

## SUMMARY

A tech enthusiast, grasping knowledge every day to carve a better software developer out of myself. Strong in design and integration with intuitive problem-solving skills. Looking to start the career as an entry-level software engineer with a firm driven by technology. Love producing music.

## EXPERIENCE

**Intern, Amar Ujala Web Services**                                                    June 2020 – July 2020

Worked on Facebook Messenger Chatbot for the media house Amar Ujala delivering news and other information to the user according to his preference. Created a server to server application using Node.js that acted as a webhook responding to message events from Messenger Platform by consuming Facebook Graph API. MongoDB was used to store conversation sessions and user data.

## EDUCATION

**Birla Institute of Technology, Mesra – B.E. in Computer Science and Engineering**

Currently in 4$^{th}$ year, CGPA: 8.21/10 till 6$^{th}$ Semester

**The Khaitan School – Noida – Higher Secondary School**

Class XII - All India Senior Certificate Examination, CBSE - 94.6 %

**The Khaitan School – Noida – Senior Secondary School**

Class X - All India Secondary School Examination. CBSE- 9.6 CGPA

## MAJOR PROJECTS

**Dhwani Portal** - Node.js, MongoDB, Spotify API **-** https://dhwaniportal.herokuapp.com/
  A portal made for the Music Club of BIT Mesra which is used for recommending songs to a band for performances according to their needs. It is also used for booking day to day slots of the music room. Mainly worked on the song recommendation part of the project.

**QRit** - AWS S3, Node.js, HTML, CSS **-** https://yg-qrit.herokuapp.com/
  Using this web application, share a file by creating a QR code for that file. Node js has been used to create back-end of this project. Files are uploaded on AWS S3 storage. Bootstrap template 'Grayscale' has been used for front end.

## ACHIEVEMENTS

– Secured AIR 9878 in JEE Main 2017
– Category Winner in HACK-A-BIT (National level Student Hackathon at BIT Mesra)
– 2nd Prize in Mega Project Symposium organized by IEEE Student Branch BIT Mesra

## PROGRAMMING

– Solved 400+ questions on various Online Judge including Codeforces, Hackerearth, etc.
– Codeforces Rating (ygyash): 1556
